

2025 HSBC Securities Services Graduate Programme – Hong Kong

HSBC offers a world of opportunities to students and graduates studying any degree from any background, giving them the freedom to build a thriving career that goes beyond banking.

We know how important it is to have the right skills, both for your future and ours. By building this skillset now, we'll help you develop the agility to keep learning new skills throughout your career.

We'll help you develop the technical skills most relevant to your role. We'll also provide plenty of opportunities to advance your non-technical skills, like relationship management and collaboration, that will help you move your career forward successfully.

During your two years on the programme, you'll:

- Get a comprehensive insight into our suite of products and services.
- Have the option and support to complete relevant professional qualifications.
- Benefit from a mix of on-the-job learning and courses offered by the HSBC University.
- Benefit from many different perspectives by working with both global and regional teams.
- Enjoy a wide range of experiences that will help you pinpoint where you want your career to begin.
- Become more confident in your ability to navigate a large organisation, collaborate with local and global teams, and communicate clearly and effectively.
- Have plenty of other opportunities to develop your skills and people to support you along the way, ensuring that you're well prepared for the future.

This Programme is suitable for final year students or recent graduates who are available to work full time from July 2025 onwards. We will consider candidates that require a visa sponsorship for this role.
